VOL. XXII | NILES, ALAMEDA COUNTY, CAL., SATURDAY, AUGUST 2, 1913 | No. 49

## WHY WE SHOULD HAVE A WATER DISTRICT

### The Principal Reason is That We May Protect Our Rights.

WE ARE continually being asked why we wish to organize a water district of our own here in Washington Township? What can we do when the District is organized?

The principal reason for organizing a water district in Washington Township is that a more effective and united effort may be put forth to defend our water rights and to drive out the enmey that has invaded our territory and which if not resisted will subjugate us completely.

In the first place in union there is strength. We must all remember that the enemy we have to go up against is powerful and resourceful. The prize (our flood waters) is an extremely valuable one. It means millions of dollars to our township if we can prevent them from taking it. Every owner of land on the Niles cone will be robbed of just so much of his natural right if the Spring Valley is permitted to grab the flood waters which replenish the waterin his well.Therefore every land owner in the township is interested in fighting off the enemy.A water disttrict will not only ask him to pay his small share to protect his property, but it will also GIVE HIM A SAY IN WHAT SHALL BE DONE. The fight will not be won in a day after the district is organized. It is likely to be a very hard fight and may soon be settled. It is most likely to be settled soSOONEST when there is an organized community of several thousand people to deal with than where a few individuals are putting up the fight. If the burden of defence falls upon a few tthey may grow weary or they may find it profitable to sell as was done in the Lilienthal case at Pleasanton. Then all the work goes by the board. When a district takes on a fight there is a community force behind it that can not be sold, traded off, nor allowedto tire out. It will be forced to a decision. It is simply to assure the certainty of a sincere fight to protect the water supply of the township that the law was secured which enables us to form a water district. So far as we know the main purpose at the present time is to organize the people of the Township into a legal body that can really do something. In no other way can our rights be protected and in no other way will the fight be won.

After we have driven out the invading water companies and secured our property rights and along with those rights established the permanent prosperity of the township in the future then we can utilize the organization for development purposes.

THE PRIMARY PURPOSE AND INTENT OF THOSE WHO ARE ADVOCATING THE FORMATION OF A WATER DISTRICT IN WASHINGTON TOWNSHIP IS TO PUT OUR PEOPLE IN A POSITION TO MAKE A DETERMINED FIGHT TO PREVENT OUR WATER SUPPLY FROM BEING DIVERTED TO EITHER OAKLAND OR SAN FRANCISCO. If we have a water district and elect the right kind of directors we will win our fight.

It is the first step but it is the most important and necessaryone. The Water Committee has promised to have the petitions ready for circulation on August 12tth That is only ten days away.

## IMPORTANT MEETING

ASSOCIATED CHAMBERS OF COMMERCE TO LISTEN TO SPEAKERS FROM BAY CITIES.

An important meeting of the Associated Chambers of Commerce of Washington Township is to be held in Niles next Wednesday evening. It will be addressed by Mr. Lynch of the San Francisco Development Board, Mr. Caine of the Commercial Club of Oakland, Mr. Dennison, Secretary fo the Oakland Chamber of Commerce and others. The principal topic will be the need of Washington Township for better transportation service connecting Niles with Centerville and Newark and Alvarado. The public is cordially invited to attend the meeting and it is hoped that a good audience will be out to greet the visitors and at the same time help to boost the township.

Other matters will probably come up but the transportation problem will be the important question up for discussion.

## Opposition to Water District

The proposed Metropolitan Water District which is being advocated by Mayor Mott and the Oakland city administration is meeting with strenuous opposition from the various improvement clubs. A movement is now on foot to ask for a special session of the legislature to revise the law so as to make the directors all elective instead of having eight appointed and five elected.

Every week's delay works against the chances of the proposed district and it is almost a certainty that if the district does carry any attempt to unload the People's Water Company properties on the district will fail to receive a two-thirds vote.

In the meantime our own local water district should be hurried along.

## CLEVER CHECK PASSERS WORK NILES MERCHANTS

### One is Caught and Confesses to Many Offenses in Other Towns.

Two bold and clever young check passers succeeded in passing several spurious checks on Niles merchants Friday afternoon. One of them was detected while waiting for change on his second check at Alberg Bros. store and fled but was caught near Register office by Mr. Macpherson and J. A. Easterday who requisitione Joe Shinn's auto and overtook the fellow.

He had already passed a $25 check on E B. Macpherson, the jeweler, purchasing a watch and chain for $10 receiving $15 in change. He told a plausible story of his father having purchased a ranch a few miles from town and gave his name as Bert Thomas and also his rural delivery number , No. 9.

**Tries same Game Second Time.**

He then proceeded to work Alberg Bros. Mrs. Macpherson who lives adjoining, heard him working his game there, became suspicious, inquired at the post office, found that No. 9. R. F. D. was not in use, called up the bank and found there was no account there in the name of Thomas. She gave the alarm and the young fellow who was waiting while Mr. Alberg went into Mason & Orpin's for some change, saw he was detected and started down Front street.

**Chased the Length of Town.**

Joe Shinn happened along just then and Macpherson hailed him, picked up J. A. Easterday and caught the young fellow near the Register office.

**Pal Makes His Gettaway.**

Meanwhlie his pal had succeeded in cashing a check for $20, buying some clothes, and also one at Snedien's drug store for $15, buying a razor. As the first one passed the other on the street, he warned him, saying they were 'on to" him and the second one made his escape.

The young fellow in jail gave his name as Melvin Seymour and had in his posseession papers showing that admitted, however, that they wree geles, having been sentenced to five years at the Preston Reform school for a similar offense in Los Angeles on June 27, being released on probation July 16. He was well dressed and gave his age as 16 although he looks several years older. On being questioned by Constable Roderick late in the evening he confessed to many offenss of the same kind —the first being in San Francisco several months ago where he was dismissed by Judge Murasky. Shortly after he went to Los Angeles and with his companion passed several checks in Whittier. Pomona and then in Los Angeles where he was arrested and sentenced by Judge Wilbur and then rleeased on probation.

About a week ago theycame to Oakland and on Wednesday passed cnecks in Hayward and escaped to Oakland.

They landed in Niles about half-past two Friday afternoon and Seymour, who apparenty is the leader, went into the Niles State bank and procured a check book from temporary cashier W. H. Snyder, who is serving while the cashier, Chas. Evans is away on his vacation. The two had made out six checks, each taking three to work off. Those passed by Seymour bore the signature of L. C Thomas. One was indorsed in the name of Bert Thomas.

Seymour told Constable Roderick that he had taught his companion how to do the work and refused to furnish a complete description. He admitted, however, that they were exactly of a size and weighed the same and were similarly dressed. He also said that they roomed in Oakland on Washington street. The young fellow who escaped was dressed in a blue suit and was about 19 years of age. He is about 5 ft. 8 in tall and weighs about 131 pounds.

## ANDERSON'S GAIETY TO OPEN IN OCTOBER

**Attractions Now Being Engaged for New City Playhouse.**

An ambitious attempt is to be made the coming season to make San Francisco an important theatrical producing center. G. M. Anderson, known to the "movie" patrons of all countries as "Broncho Billy", will, on October 18 next, open the Gaiety, a handsome new playhouse, on O'Farrell street, opposite the Orpheum, and present there the big musical comedy successes of Broadway, interpreted by a specially organized company.

Anderson's plan is to give San Francisco playgoers the diversion that has established the success of New York's Winter Garden, London's Hippodrome Berlin's Metropol and the Folies Marigny of Paris. J. J. Rosenthal, the well known theatrical manager, is now in New York arranging the details for the transfer to San Francisco of the initial organiation and production. "The gaiety Jubilee" is the title of the first piece to be produced. George Hobartt is the author of the book, and John L. Golden a contributor to the score. The cast includes a number of usical comedy favorites, including Rock and Fulton, Al Shean, Tom Waters, Will Philbrick, Gene Leneska, Maxine Brown, Hazel Cox, Catherine Hayes, Sarah McVicker, Franklin Farnum and about sixty others.

## STROWBRIDGE AMENDMENT KILLED ITSELF

The editor of the Press had the pleasure of a very pleasant meeting with Governor Johnson this week. We found the Governor thoroughly acquainted with the situation as regards the water question in this section. We took advantage of the occasion to inform the governor of the thorough appreciation of our people in the passage of the Caminetti Water District law and the opportunity it afforded them to protect their rights. The failure of the governor to sign the Strowbridge amendment was due to the fact that if it became a law it would have failed to accomplish the very end it aimed at.

Incidentally the editor of the Press was greatly pleased with the cordiality extended him and particularly impressed with the very evident desire on the govrnor's part to promote the highest interests of the people of the State. The principal argument in favor of the Caminetti bill was the fact that it had merit and if enacted into law would serve a useful purpose. No other argument would have appealed to Governor Johnson.

## Decoto

Miss Whitehead of Salt Lake City and Mr. L. Simmons, the Western Pacific agent at Decoto were united in marriage on Sunday in Oakland. The wedding arrangements had been interfered with owing to the washout on the W. P.—the bride scheduled to arrive on Saturday afternoon and the wedding to take place on Saturday evening. But the train did not get through until Sunday a. m. The happy young people were the honored guests at a reception and dinner on Monday evening given them by Mr. Simmons' mother. The Press joins with the many other friends in wishing the newly wedded ones health, happiness and prosperity.

Mrs. Warte of San Francisco attended the wedding dinner and reception Monday evening. Mr. and Mrs. H Searles and son Alwin and Miss Kate Graslin were also guests.

Mr. H. May and Mr. J. L. Olsen made the trip to Salinas by auto on Wednesday taking in the Wild West Show.

Mrs. Trask and family have as their guest Miss Marion Rice of Rocklin, Mr. Trask's aunt.

Mrs. Hess of Healdsburg ha been the guest of her brother H. Searles and family this week.

Miss F. May Haines entertained at dinner on Tuesday with the Runckel's of Niles her guests.

The D. Jackson family are entertaining relatives of Mr. Jackson's this week.

Rev. King has been quite ill for the past two weeks but is somewhat improved.

Mrs. George and daughter Viola of Decoto were visiting friends in Niles Monday.

Mrs. Frank Luna visited in Alvarado Monday with her mother, Mrs. Dutra.

Mr. and Mrs. Frank Luna returned from their honeymoon on Sunday.

Miss Doris Whipple is entertaining several Fresno friends this week.

Miss Joyce has returned from a delightful trip to Los Angeles.

## The Advertising Value of a Newspaper

JAMES HOWARD KEHLER in the August number of Everybody's Magazine has a write up for "The World's Greatest est Newspaper", the Chicago Tribune. He says some very good things which apply to newspapers everywhere. We quote some of them which we recommend to the thoughtful consideration of our readers. The Press has always emphasized its editorial policy. And as we look back over the past seven years there is not much in it that we would care to change. Underlying it at all times there has been a definite ideal to make it serve the community. That we are in accord with the modern conception of the real function of a newspaper is corroborated by Mr. Kehler, who says:

"I want to make it very clear that tthe editorial policy of a newspaper — using EDITORIAL not in the restricted sense, but as comprehending the entire paper, its news, features, editorials, etc. — is a CERTAIN GUIDE to the character of its readers, and therefore to its advertising value.

"The people who want IDEAS and ACTION along with their reading matter are the live elements in any community — and they are tthe buyers.

"All studies of newspaper values must be made from this standpoint — that the ADVERTISING VALUE of a newspaper depends first upon its EDITORIAL VALUE to the community in which it is published."

## A WARNING

WHEN the Spring Valley Water Company two years ago was buying up the hundreds of acres of the most fertile lands about Pleasanton, Luther W. Rood was the editor and publisher of the Pleasanton Times. Although itwas generally suspected at the time that the land was being bought for the Spring Valley Company all sorts of falsehoods were given publicity as to the probable purpose to which the land was to be put. Mr. Rood was very close to the firm of Donahue and Gale which was promoting the sales for the farmers to the party who was to turn it over to the Spring Valley Water Co. And yet not until the sales were consummated and the Pleasanton section practically captured did Mr. Rood ever intimate that the real purpose of the sales was to secure control of the splendid underground reservoir underlying the valley.

When the thing was done and the town of Pleasanton with its rich surrounding country lay at the mercy of the Spring Valley Water Co., Mr. Rood sold out his newspaper interests and came to Niles.

Now let us suppose that Mr. Rood had the true interests of the Pleasanton Valley at heart. Let us suppose that Charley Gale and his law partner, open and hidden, had the true interests of the Pleasanton Valley at heart. Let us suppose that the future development and prosperty of that splendid section appealed to them more than the glitter of Spring Valley gold, what would they have done?

They would have protested against any further diversion of water from the Pleasanton gravel beds. They would have organized a fight against it. They would have joined with San Francisco in its fight for the Hetch Hetchy water supply. They would have discouraged any further depletion of the Pleasanton water supply. They could have fought off the menace that now threatens Pleasanton, namely, that until a Sierra supply is brought in the Pleasanton gravels will be drained to the last drop to meet the pressing needs of San Francisco.

Mr. Rood ought to know that before the Calaveras dam is completed San Francisco must get more water out of the Pleasanton section. It is not a bright future for Pleasanton to face. But it is the truth of the situation.

And now we ask the people of Washington Township, should not the course pursued by the Pleasanton Times. under Mr. Rood, be a sufficient warning as to what you may expect from the Township Register under Mr. Rood?

The editorials in the Register during the past few weeks bear the same earmarks as the articles in the Times when the Spring Valley was getting in its work there. There are men in Washington Township who would gladly emulate the example of Gale and Donahue. They would sell out anything for the glitter of gold.

The only way to prevent such a course is the organization of a water district of our own. They won't be able to sell that out. In the meantime we believe our people should smoke the traitors out. When known they are harmless.

## FOR OR AGAINST---WHICH?

BROTHER ROOD of the Township Register pats himself on the back because he refused to furnish a San Francisco daily a big article on the danger of a water famine in Washington Township. His self glorification is prompted by the theory that he saved Washington Township the great harm that might come from publishing the fact that it was going dry on account of a lack of a water supply. He thinks it might have driven away possible investors, and inflict upon the township damage it might take years to recover from, etc. In other words his argument is the old frayed out one that always bobs to the surface when agitation that threatens corporate interests arises, "it will hurt business."

Last week it was a "dry year" explanation, the same that Attorney McCutchen of the Spring Valley Water Co. used two weeks ago before the Board of Supervisors.

It is rather strange that up to this week the Register has not mentioned the Calaveras dam that the Spring Valley is building to take care of the water of the Arroyo Hondo, Isabelle Creek and Smith's Creek whose dryness he cited two weeks ago. Isn't it remarkably strange that the Register has so far failed to mention the building of the Calaveras dam the biggest news item in this section for many a year? This serious suppression together with the "dry year" and "it will hurt business" argument bear Spring Valley ear marks, unmistable ear marks which the people in the township have been very quick to recognize.

With three out of every ten well owners in the township compelled to lower their wells, with new wells forced to be bored in every part of the township for the first time in the history of the township, and then on top of it all a million dollar dam being built that will hold more than the annual flow of that part of the 623 square miles of water shed that furnishes 50 per cent of the run-off, with these facts staring him in the face does he believe he can lull the people iuto forced security with the cry that "it will hurt business?"

Granting that our agitation may interfere with the sales that a few of Mr. Rood's real estate friends may make, how will it compare to the permanent menace and perpetual damage that will come to every home and farm in Washington Township by the building of the Calaveras dam? Does the Register favor or is it opposed to the building of the Calaveras dam?

## Heart to Heart Talks

Here I am away off in the Sierra Nevada mountains, thinking of Niles and Washington Township. The trip through the Sacramento Valley and a visit to the State Capital and then the climb into the Sierras all serve to give a clearer setting to our Alameda County situation. I have often climbed the hills that skirt our bay plain and looked down upon and studied and admired Washington Township. I have often wondered why the people are so slow to appreciate its manifold advantages of location, soil and water supply. And when it is compared to other sections of the State its beauty and promise stand out all the greater. Then I am more than ever attracted to it and long for a chance to do my share in its development. It seems a shame that so much energy must be spent to protect its great resource, its water supply, and yet, with that taken from the splendid little plain, the rest are held in captivity and either stagnation or decadence is bound to be the result.

Once we settle the water problem and insure its permanent supply, I feel thar nothing can stop the rapid advancement and development of the township. It will simply be impossible to hold it back. It will become then what nature intended through all the long ages of its construction to be one of the richest and pleasantest places of abode on this earth. Every time I look on these rugged old Sierras, every time I drink of the pure soft mountain water, I can't help but wish to see the dream of my youth realized—that the teeming population about the bay should some day be supplied with this fine water which yearly rushes to the ocean and does only damage by its floods. And from my twelve years residence in Alameda County I have learned to appreciate that it has a destiny which these old hills have not. It is one of nature's finest storehouses of energy giving food for man. And when man in his wisdom combines the great resources of these old hills, their water and power with the fertile soil and splendid climate of the bay region, what a benefaction can be worked out! What comfort and happiness and real progress toward the fulfillment of man's mission on earth lies in these real problems of conservation! Somehow it appeals to me as more worth while than many of the other lines of effort that so greatly consume our life's energy.

# Domestic Science in the Public Schools

By Wilma Johnson, Eighth Grade, Livermore Grammar School.

THE ADVANTAGES OF DEMONSTRATIONS AT THE COUNTY FAIR.

(The folowing was the composition which recently won first prize in the Alameda County Fair Association's Competittive contest. The prize winners were: Wilma Johnson, of Livermore, William F. Hall, second, Marcella Schween, third, and Abbie Baldwin, fourth.)

At the present time there is much discussion, and much difference of opinion, as to the real advantage of teaching Domestic Science in the pulic schools.

The prosperity of a nation is founded upon the welfare of families, and the welfare of a family depends upon its having a healthful, happy home. It is very important to the nation, then, that its homemakers have a knowledge of Domestic Science. Boys and girls cannot have the strong bodies and clear minds needed to produce good citizens, if there are not good home conditions, including a proper and sufficient amount of well-cooked food.

Many people are working to improve the home, either in regard to Household Science, which is a systematic knowledge of things pertaining to the home, or in some other way. They realize that this advancement or improvement depends, to a a great xtent, upon the preparation of homemakers for their duties.

The teachers of Domestic Science claim that an important part of this preparation, depends upon teaching the principles of science, and how to apply them in the performance of household duties.

This science includes not only the knowledge of cooking and sewing, but all that concerns the house and its management. It means knowledge of how to keep personal and household accounts, and how to attend to all financial duties that belong to a housewife. Good household management demands a knowledge of morals and manners and of the etiquette of daily life and special occasions. The subject of proper clothing, the care of the sick, and a knowledge of what to do in all sorts of emergencies, are also included in the study of this science.

Therefore, Domestic Science brings together a knowledge which affects food, c'othing, and health, and teaches how to perform the duties of a household most economically and effectively.

In the study of Domestic Science, and especially in studying cookery, one will not only learn many interesting and labor-saving things, that would probably not be discovered at home, but will find pleasure in the work itself. We should not consider house-work unworthy of attenttion, simply because certain household tasks may seem hard or unpleasant. Many times they seem hard just because we do them in an unthinking way. They woud be easier and pleasanter if we put our mindsupon them. We can bring about good and proper home conditions only by treating huosework as an honorable and pleasant employment, worthy of our best thought and attention.

One of the best and chief advantages of teaching Domestic Science in public schools is that it teaches those pupils whose home conditions are not of the best, or not of the kind that afford opportunity for the child to learn, how to do housework in a sanitary, scientific, and economical manner.

It is surprising how great an advantage the sewing is to girls who would otherwise grow to womanhood without the least knowledge of the plainest and simplest sewing, not even the darning of a pair of stockings, or the mending of a garmen'.

It is evident, therefore, that the study of Domestic Science is the best means by which a woman may prepare for her life work, no matter what her condition may be. The greater her knowledge of this subject, the greater will be her powers of independent thought and action, and the broader will be her view of life. This knowledge also helps to develop in her, "a perfect woman, nobly planned."

Is it not very important, then, that all persons should approve of this training? They cannot or will not do this unless they are allowed to see the advantage gained by it. The demonstrattions at the County Fair seem to be a very good means of showing the great number of all classes of people who attend the Fair, and those who may be skeptical about it, what Domestic Science really is, and what the pupils actually gain by the study of it.

Theory and practice are included in the proper study of every subject, and, to present these two sides of this subject would perhaps be the surest way to prove to those who doubt the wisdom of teaching Domestic Science, excep' as an art, that even the theore'ical side is of practical value. It should also tend to change the opinion of those persons who disapprove of the introduction of Domestic Science into the public schools for fear it may countenance the teaching of a trade.

# $2000 REWARD

# Planning Big Celebration

MANY CITIES WILL BE REPRESENTED ON ADMISSION DAY IN OAKLAND.

Interest is great throughout the sfate in the big Admission Day celebration and festival which will be held in Oakland from September 6 to 8. Frank N. Deorborn, chairman of the committee on halls and accommodations ,reports that more than 50 parlors of Natie Sonsv and many parlors of the Native Daughters have already secured headquarters. J. J. Dignan, assistant secretary of the general committee, reports that Solano parlor No. 39, Suisun, will send 500 members accompanied by a band, and Vallejo parlor No. 77 will send 2,000 persons.

Solano county has made an appropriation for a county ehibit at the unique headquarters of the county parlors, to be built of alfalfa, on the shores of Lake Merritt. A descendant of the ald Indian chief Solano, after whom teh county was named, will give talks on the history of the county and explain the various products on display. The Vallejo parlor will try to secure permission for bringing to Oakland the old frigate Independence from the Mare Island navy yard.

Henry F. Vogt, secretary of the general committee, reports that Santa Cruz county parlors will be represented with a float 'o be called the Pacific ocean and 300 members will take part in the big parade. San Joaquin, Napa, Humboldt, Sonoma, Fresno and Los Angeles counties have already announced that they will be well represented at the celebration.

# At the Movies

The Edison Moving Picture Company presents the following program of pictures throughout the township during the coming week.

Monday, August 4, Niles, Tuesday at Alvarado, Wednesday at Centerville, Thursday at Mission San Jose:

NILES PUTS AN END TO THE "ROBBER" TALK BY AGAIN BEATING PLEASANTON—THIS TIME BY A SCORE OF NINE TO TWO

# SPORTS

NEWARK TAKES DOUBLE-HEADER FROM DECOTO. IRVINGTON DROPS FROM THE LEAGUE AND SEASON WILL CLOSE AUG. 24.

## SHAMROCKS GO TO PLEASANTON AND TRIM THE HOME TEAM THERE

### Perry awd Totheroh Lead the Niles Stickers in an Unmerciful Slanghter of of Pitcher Moir. Niles Wins by Score of 9 to 2.

Heine—Hello, Honus.

Honus—Hello, Heine.

Heine—How are you?

Honus—Fine. How is your self.

Heine—I am first rate.

Honus—Where have you been keeping yourself?

Heine—In Niles. But I bet you you can't guess where I was last Sunday.

Honus—Of course I can. You were at Fernbrook.

Heine—Your answer is incorrect.

Honus—You don't say so. Where were you?

Heine—I was at Pleasanton.

Honus—Oh! Then you saw the robbery.

Heine—No, I never saw any robbery Sunday.

Honus—Well, that's funny. I hear the town is robbed and you come back and say it isn't.

Heine—You're mixed up. It was a murder this time.

Honus—Who got murdered?

Heine—Moir.

Honus—Who is he?

Heine—He's a lemon and besides being a lemon he tried to be a pitcher for Pleasanton's baseball team on Sunday. But he got murdered.

Honus—Who murdered him?

Heine— Totheroh and Perry. And the rest of the Niles team were accomplices in it.

Honus — That's too bad. Then they'll get hung.

Heine—No they won't.

Honus—Why Not? If I should kill you, wouldn't I get hung?

Heine—Of course you would.

Honus—Well, why won't they get hung for murdering Moir?

Honus—Because you can't hang a man twice for one offence.

Honus—I don't see what you mean.

Heine—Well, they hung them once with some string beans that they fed them at the hotel there.

Honus—That must be some town.

Heine—Sure it is. They had two policemen to keep the Niles rooters quiet.

Honus—When they were eating?

Heine—No. During the game.

Honus—My!

Heine—Anyway, they deserve a lot of credit for the game they put up after being robbed like they were on the Fourth.

Honus—Didn't any of the Pleasanton players do good work?

Heine—Sune they did.

Honus—Who put up the best game for Pleasanton?

Heine—The umpire.

Over a hundred fans accompanied the Shamrocks from Niles to Pleasanton last Sunday for the return game with the baseball team of that town, and that ttheir trip was successful was shown by their happy faces as they returned to town. The Shamrocks beat Pleasanton by a score of 9 to 2. They certainly did trim whatever hopes that town had of getting on the same baseball map that Niles is on. They out-hit, outran, and out-played the Pleasantonites in every way. The two runs that Pleasanton made were gifts, and not until the seventh did they score at all.

Moir, the Pleasanton pitcher, stood the cannonading by the Niles batters for seven innings, butt was taken out in the eighth. While he was on the firing line ten hits had netted the nine runs which the Shamrocks scored. Brown pitched the last two innings for Pleasanton and although three hits were made off his delivery, three close decisions at second prevented further damage from being done.

None of the thirteen hits which Niles made were weak ones. Perry got a home run, Totheroh got a home run and two three-baggers, and Robinson got a two-base hit.

Dolan held Pleasanton down to six hits, one of them a Cincinnati basehit. Brown got one for three bases ond George made a two-base hit. Lucas did the best batting for Pleasantton, making two singles in four trips to the plate.

**No Chance to Cry "Robber".**

The cry of "robbery" raised by Pleasanton when beaten by a 3 to 2 score at Niles on the Fourth of July was certainly given a setback last Sunday and it is the general feeling at Pleasanton that they bumped up against a rather difficult team to beat. In this they are correct. Niles can now boast of a team which will give any semi-professional tteam in the state a run for their money, and if they don't proceed to capture the pennant of the township league this season, they will give Newark one of the best runs for their money that could be hoped for.

Pleasanton scored their only runs in the seventh. Diavila walked and went to second on Gibson's error. Silva struck out. Then Brown hit one for three bases, the ball going into one of the neighbor's back yards bordering right field on which Diavila scored. Moir brought Brown home with a Cincinnati hit to Perry—a slow grounder—and Brown beat Perry's throw to the plate. Lucas was safe on Totheroh's error but Rose forced Moir at third by hitting one into Dolan's hands.

**Robinson Starts the Scoring.**

The Shamrocks didn't lose a great deal of time in getting started. In the second inning they made their first two runs. Robinson startted the onslaught with a lovely two-bagger to center and went to tthird when Totheroh was safe on Lucas' boot. The next event was Dolan's single which brought in Robinson and Totheroh. Dolan was safe on second on the play but was out a minute later trying to come in on a passed ball.

Three runs came in during the fourth inning. After Robinson had fanned Totheroh drove out his first hit for the day—a three-bagger to right. Dolan brought him in with a single but was forced at second by Sheehan who hit a grounder to Lucas. Sheehan was safe on second when Silva made a fumble after the runner was caught between first and second. Tom Perry got up to the bat and one of the Pleasanton players yelled out "easy batter." He had yelled a little too soon however, as Perry met the ball squarely on the nose and it traveled over one of the houses beyond right field. Rose was out on a grounder to Silva.

Totheroh drove in two runs for Niles in the next inning with a three-bagger. Roach was safe on Diavila's error. O'Brien fouled out and Gibson lifted a long, high, fly to Rose in centerfield, making things look pretty safe for Pleasanton. Then Robinson got to first on Lucas' third error. Totheroh cleaned up the bases with a triple to right and Dolan struck ont.

The last two runs for Niles came in the seventh inning. Aftter Gibson was out on a grounder to Diavila, Robinson singled to right. Rollie Totheroh took a mighty swing and the ball sailed over the infield, past Rose in centerfield and kept on sailing out over the automobiles and ove the Western Pacific tracks for one of the prettiest home runs you ever saw. The ball never went over twenty-five feet into the air.

In the last inning a couple of close plays on second prevented Niles from scoring but it didn't make any difference, anyway, in the general results, which were as follows:

## IRVINGTON DROPS FROM LEAGUE

SCHEDULED CHANGED SO THAT SEASON WILL END ON AUGUST 24.

Irvington has dropped from the Township League and has given over the lease of the grounds for this year at least. The team has run behind all season and has finally given up the struggle.

The schedule has been changed and Niles, Newark, Decoto and Centerville will finish the season, which will close on August 24th instead of the 31st. The schedule of games for the remaining four week osf the season is as follows:

SUNDAY, AUGUST 3.
Niles at Newark.
Decoto at Centerville.

SUNDAY, AUGUST 10
Newark at Centerville.
Decoto at Niles.

SUNDAY, AUGUST 17.
Centerville at Decoto.
Newark and Niles, open dates.

SUNDAY, AUGUST 24.
Newark at Niles.

Business is Good

California Nursery Co.

THIS MIGHT HAPPEN ANY TIME AND ANYWHERE BUT DID IT?

(Special to The Press)

Tassajara, Cal., July 27.—This afternoon at about four-thirty a prominent resident of this town was struck on the head and instantly killed by a baseball which came from the direction of Pleasanton,a town ten miles or more distant from here. Upon investigation it was found to be the same ball which Totheroh, one of the Niles players, hit for a home run. Totheroh will not be prosecuted, we understand.

## NOTES ON THE GAME

By defeating the Decoto Luna-ticks twice in the double-header last Sunday, the Newark Tigers are a game ahead of the Niles team in the race for the pennant of the Township League. To-morrow afternoon the champions and the contenders will hook up at Newark for the decisive game of the season. If Newark should win to-morrow they would be two games ahead of NilNiles and would have easy sailing for the rest of the season. But should Niles win tomorrow, the two teams would be tied for first place in thepercentage column. At present Niles seems to have a stronger team than Newark, since the loss of Jim Wiggs by that team but Newark must not be under rated, as they have a fast, scrappy team and can hit like the Tigers that they are. So a good, lively contest may be looked for when the Tigers and the Shamrocks cross bats tomorrow afternoon.

Totheroh certainly did hit that ball Sunday. In five times at bat he made a home run and two three-baggers. The first time up he was safe on Lucas' error but on his last journey to the rummer, hit the air very hard three times. In the field he also covered himself with glory.

Sheehan made the star catch at Pleasanton Sunday. In the eighth inning Diavila hit one out in left field that looked good for at least three bases but Sheehan ran around several automobiles and caught the ball. He made another nice catch in the fourth inning.

Pleasanton saw their finish in the very first inning when a bit of regular league ball cut off a run for them. Brown was on second and Moir on first when Lucas singled to left-center. Brown tore in for home but was pegged out at the plate by a beautiful throw from Joe Rose.

Sheehan has joined the Shamrocks. Manager D'Estrella has been anxious to land the little fellow but Sheehan was loyal to Irvington till the last. His playing Sunday showed that he will prove a valuable addition to the Niles team, as his fielding and hittting are of a high order.

Moir admitted after Sunday's game that he had never before faced such a hard hitting team as the Shamrocks. It is undoubtedly his wish that he never will have the pleasure again.

Breschlaure broke up another game Sunday at San Rafael with his timely hitting. He played last year with the Niles team and this season is playing a fine game for San Rafael.

Robinson had on his hitting togs Sunday, batting out a double and two singles. His double started the merriment in the second inning.

Dolan had an easy time of it Sunday as far as the Pleasanton batters were concerned, but had a lot of bad decisions on balls and strikes to contend with.

O'Brien showed his temper in the eighth inning when called out at second after being apparently safe by a couple of feet. After he had gone past the baseman, Silva made a frantic stab in the direction of O'Brien but it looked like he missed the runner—consequently the howl that wentt up.

The Niles crowd paraded the principal streets of Pleasanton on Sunday after the game and were met with silent scorn of passers by. But just suppose the score had been reveersed?

Mugsy McGraw was back at shortstop for the Tigers Sunday and played a rattling game. McGraw will be given a try-out with the Oakland coast league team on the fifteenth of the month.

## TIGERS TOOK TWO GAMES FROM LUNA-TICKS SUNDAY

### By Winning Both Games of a Double-Header, Newark Strengthens Its hold on First Place in the Race for the Pennant.

The Newark Tigers strengthened their lead in the race for the pennant of the Township League last Sunday, by taking both games of a double-header from the Luna-ticks at Decoto. In the morning contest they landed hard on Meyers and forced Decoto to put Monohan, who was scheduled to pitch in the afternoon, in the box in the sixth inning. It was too late to save that game and in the afternoon Monohan was all tired out and so Newark won that affair too. The score was the same for both games—6 to 2.

Devine pitched in the morning for Newark and Kersten in the afternoon affair. Both had the number of the Decoto crowd and won easily. There was no need for the Newark players to extend themselves in the hitting department of the game and they were contented with decisive, and not overwhelming, victories.

The attendance on both occasions was slim. In the morning about $15 was collected and in the afternoon the gate was a little over $25.

**AFTERNOON GAME**

The Tigers grabbed a fast game from the Luna-ticks at Decoto Sunday afternoon by a score of six to two. The game was played in one hour and twenty-five minutes.

The feature of the game was a home run which Kersten made in the seventh inning. Lloyd Wales was on base and Kersten hit a nice one out over the fence in centerfield.

Kersten pitched for Newark and Monohan for Decoto. Kersten held Decoto down to six scattered hits and made a home run himself. Monohan pitched a good game for Decoto but was at a disadvantage, having pitched nearly half of the morning game.

Newark scored one in the first inning. Decoto evened up the score in the fourth inning by scoring two runs. Newark again took tthe lead in the fifth by batting in two more runs. In the seventh Kersten gott a home run with Lloyd Wales on base, which put the game on ice.

Hafner was robbed of a hit in the sixth inning by a good running catch of Gleason's. The ball was hit hard but Gleason captured it after a nice run toward the fence.

The score:

First base on calle balls: off Kersten 2, off Monohan 2. Struck out: by Kersten 7, by Monohan 7. Double play: Myers, unassisted. Time of game: 1 hr 25 min. Umpire: Tyson.

**MORNING GAME.**

The Newark Tigers had little difficulty in winning from the Luna-ticks by a 6-2 score in Sunday morning's game at Decoto. Myers started to do the pitching for Decoto but was hit pretty hard for five innings and retired in the sixth in favor of Monohan. The latter held Newark down to one hit and one run during the four innings that he was in the box.

Devine hurled for the Tigers and allowed but five hits. He pitched a good game and was given good support.

The game was not sensational but both teams put up a good brand of ball. Lloyd Wales in right field made a couple of nice throws—one to the plate cutting off a run,aud in the ninth inning pegged Monohan out at first when that genteman took his time getting down on what should have been a safe hit.

Hafner did tthe receiving and played a very creditable game bhhind the bat.

The score:

KINDLY MENTION THE WASHINGTON PRESS WHEN WRITING TO OUR ADVERTISERS OR WHEN VISITING DEALERS.

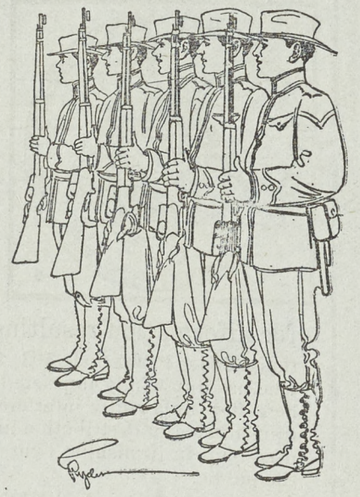
Kersten and Al Wales are leading the Newark stickers—Kersten with an average of .452 and Wales with .434. Kersten is back with the Tig again and pitched Newark to victory Sunday afternoon at Decoto.

Hafner got his first hit for several weeks,Sunday afternoon at Decoto. It was a three-bagger. He was robbed of another one in the sixth inning due to some good fielding by Gleason. The ball was traveling at a good clip toward the fence but Gleason turned and after a hard run caught the ball as it came down.

Considerable conjecturing is going on as to the possible pitcher for Newark to-morrow. It is quite possible that none other than our friend James Wiggs will prove the mysterious guy. For Niles Dolan and Gibson will do the battery work as usual.

George broke into the hit column on two occasions. In the pre-luncheon affair he got a single and in the afternoon a double. If the teams had played after supper he would undoubtedly have made a three-bagger.

Present Arms!



Or maybe you'd present some friend with a better equipment for the battle of life. For instance, present him with an annual subscription to this paper.

Mrs. Manuel Avilla Jr. spent tthe week-end in Oakland.

Mr. Abe Cohen is in Montana for a month's vacation.

## Newark.

The funeral of little Margaret Snow took place last Sunday from the residence of the parents in Newark and was largely attended. There was a profusion of beautiful flowers which bespoke the sympathy of the entire community for the bereaved parents. The interment took place in Centerville.

J. M. Harper, who recently returnad from an extended trip to Texas, and is back at his post as third trick operator for the S. P, is still possessed with the desire to ride—and according to station agent Wyatt, his motorcycle has made, during the past two weeks, a record of over 975 miles—on the stand.

The funeral of Harold James Collins, the seven year old son of P. J. Collins, was held in the city last Saturday afternoon at Holy Cross cemetery. The little fellow died here on Thursday of last week as the result of injuries received when a pile of lumber fell on him the day before.

Miss Harleen Jones was the winner of one of the ten prizes for the sixth district in the Enquirer subscription contest—a vacation trip to any summer resort in California.

J. A. Spencer is enjoying a vacation of a week at Mt. Hermon. During his absence Mr. Frank Brown is taking his place on the R. F. D. route.

H. Braun has returned from the railroad hospital much improved after being sick with pneumonia. He is back at work at the S. P. station.

A large number of stoves are being shipped from the Graham foundry. The Newark Lumber company is also doing a big busineess these days.

Sidney Snow had the misfortune to break his arm while cranking the automobile Sunday morning and is under the care of Dr. Ormsby.

Clarence Graham has returned after an extended trip of three months to different Eastern points.

Mrs. L. Ruschin went to Healdsburg on Wednesday for a short visit with friends.

A dance is to be given in Watkins' Hall this Saturday evening, August 2.

Mrs. Muller and Mrs. Moses are visiting in Healdsburg.

Mr. and Mrs. Christensen spent Wednesday in the city.

S. A. D. Buchanan made a trip to the city Wednesday.

The family of H.A.Snow are home from Santa Cruz.

J. W. Hafner spent Wednesday in San Francisco.

### CARD OF THANKS

We hereby desire to extend our heartfelt thanks to the many kind friends and neighbors and acquaintances who gave so many evidences of their kindness and sympathy and beautiful floral offerings during our sad bereavement in the loss of our loving and devoted son Harold James Collins.

Mr. and Mrs. P. J. Collins and family.

The following items from the Placer Herald of last week will be of interest to our readers:

Miss Effie Tripp was hostess of a party tendered to Miss Mae Borges of Niles Thursday afternoon. Miss Borges is visiting Miss Mildred Smith.

Mrs. Dolph Barnicott, assisted by her daughter-in-law Mrs. John Barnicott, gave a dinner and card party last Tuesday evening which was attended by the following Auburn ladies: Mesdames Geo. W. Hamilton, George McAulay, E. P. Stephenson, F. C. Jordan, Walter Jacobs, T. H. Kelsey, and W. E. Colby.

KINDLY MENTION THE WASHINGTON PRESS WHEN WRITING TO OUR ADVERTISERS OR WHEN VISITING DEALERS.

## Centerville

St. James Guild held a delightful and busy meeting on Wednesday afternoon with Mrs. M. L. Lewis. Plans were made for the annual sale on the last Saturday in August. It will likely be held in the town hall and dinner served. That this will be APPETIZING goes without saying as the women are all noted for good cookery. Other features of the entertainment will be announced later.

The people generally have learned with regret that Mr. Hunter the druggist at Lernhart's will leave for Suisun in the near future where he has purchased a drug business. By careful attention to the wants of the patrons of the drug store and unfailing courtesy he has won the respect and esteem of all who know him. May he have success in his new field of busines.

The denizens of Centerville who have been visiting Pacific Grove this month are returning. Mr. G. P. Lowrie motored down on Friday returning Sunday with Mrs. Lowrie and the children. Mrs. J. A. Bunting and Mrs. John Chandler and son returned on Wednesday with Howard Bunting. Mr. and Mrs. J. A. Bunting Jr. took a little run down to Santa Cruz.

In the absence of Rev. Mr. Higby last Sunday Prof. W. W. Anderson officiated in St. James church. It was a pleasure to the congregation. Next Sunday there will be an evening service instead of the usual morning service.

Miss Helen Willis formerly a resident of Centrville was married recently to Mr. Prentiss of San Francisco. Her old friends wish her much joy in her new life.

Mrs. M. L. Smith spent a day or two in Oakland visiting old friends from Michigan.

On Wednesday evening Mr. John Chandler arrived at Sycamore Farm and Thursday took Mrs. Chandler and John to Berkeley.

Mrs. Finn of San Francisco and Miss Fleming are guests of Mrs. Jane Stevenson and Mrs. H. W. Emerson.

Mr. Eugene Stevenson and family spent the week end at Santa Cruz. The boys had as their guest Allen Mickle.

The Centerville Grammar school will open on Monday, August 25, 1913 with the same corps of teachers.

Mrs. Roderick visited friends in Niles Wednesday.

Mr. and Mrs. Bailey left Monday for Los Angeles.

### APE ARRESTED FOR STEALING A HORSE

Two young fellows one Joseph Morno, aged 18, and the other P. Contsrns, aged 26, are in the Niles jail charged with grand larceny. It is claimed that they took a horse from the pasture of Joe Vargas at Alvarado. They were brought to Niles by Vargas' sons, Manuel and Joe.

They were arraigned before Justice of the Peace Wamsley Thursday and Constuns will have his preliminary examination at Irvington Monday. He has retained Attorney Phil Walsh of Oakland to defend him.

Morno is now out on probation. They both claim to have come from West Berkeley and say the horse was going along the road ahead of them when they were taken in by the Vargas boys. The lattter assert that they took the horse from the pasture and were leading it by the halter when taken in.
